

## Configuring Google Chrome for Act! Web

Follow these instructions to configure Google Chrome for Act! Web:

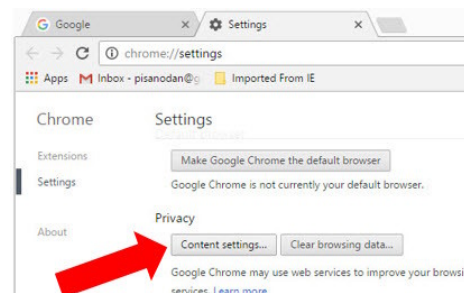

1. Open Google Chrome.
2. Open the Customize menu. You may do this by clicking the 3 dots at the far right of the screen.
3. Click on "Settings".

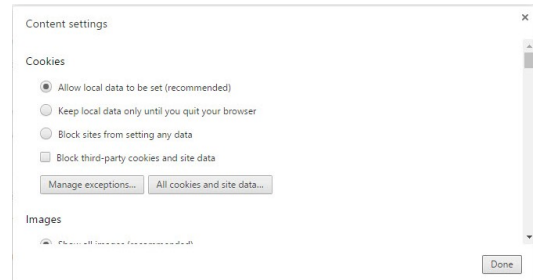

4. Scroll down and click on "Show advanced settings".

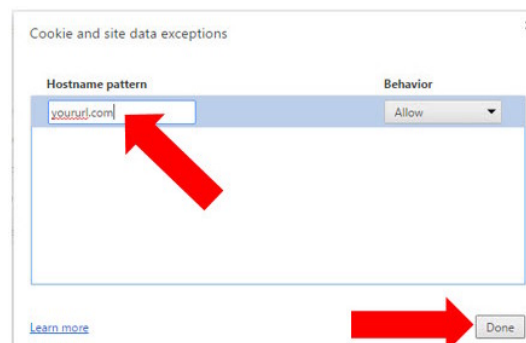

5. Click "Content Settings".

6. Click on “Manage exceptions”.

7. Enter the URL (web address) that you use to access your Act! Web Database. Make sure “Allow” is selected. Then click “Done” and “Done”. Then you may close the Google Chrome Customize window.

## Clearing Google Chrome Browsing data:

- Follow steps 1 through 4 above.
- Click on “Clear browsing data”.
- Select the desired options.
- Click “Clear browsing data”.
